## Pre Session Consultation Form

Hello! Before we meet for our session I would love an opportunity to learn a little bit about you and your family. This form is required and should be submitted at least two weeks prior to your session. My goal is to provide you with exactly the vision you have for your photos. In order to do that I need to know what you are hoping to achieve from the session. This form is the first step in helping to make your session exactly what you want it to be! There is no such thing as too much information so tell me everything you think I need to know.

1. How many people will be photographed during this session? Please list the names and relationships of each person being photographed. Please list ages of all children.
  
  
  
  
  
  
  
  
  
  
2. Mom, tell me a little bit about you. How would you describe yourself? What makes you the happiest? If you had to use one word to describe yourself what would it be? What is your favorite part about being a mom?

3. What do you like to do as a family? When the weekends roll around where am I most likely to find you? When you think of the perfect family day what does it include?

4. When it comes to the kids the more information the better. Please describe each of your children. What makes them happy? Do they have any little quirks? Tell me what makes them unique and special.

5. Finally tell me about Dad? What is one word you would use to describe him? What makes him a great dad?

6. Have you already thought about the clothing you will wear for the session? If so, please describe or if possible please attach a photo. If you don't know yet, I am happy to help so just let me know.

7. Is there anything important you think I should know before the session? Are the photos for a special occasion? When was the last time you had family photos taken? Is there anything special about this particular time in your life that you would like to capture during our session?

8. Lastly, please list a good phone number that could be used the day of the photos to touch base with you if last minute questions should arise.

Thank you so much! I will use all of this information to style a session that is unique to you and your family! As always, if you have any questions, please let me know!
